

CHINCHILLA STATE HIGH SCHOOL

STUDENT RESOURCE SCHEME 2018

YEAR 9

STUDENT RESOURCE SCHEME 2018

Dear Parent/Guardian

The following information is provided to inform you of the details of our school's Student Resource Scheme.

Student Resource Scheme (SRS) Fee: This is the annual fee that is charged to parents by the school. The Student Resource Scheme is strongly supported by the Chinchilla State High School Parents and Citizens' Association (P & C). The SRS is discussed at the October meeting of the school's P & C. A vote is taken at this meeting on the continuation of the scheme and the levy applicable.

In determining the fee to charge to families, the cost to provide all necessary learning resources per subject in each year level is investigated. The costs are also considered in light of the funding that is received from the government in the form of the Textbook and Resource Allowance (further details below). A decision is then made on what fee to charge parents based on affordability to families and the budget capacity of the school to support the shortfall in money.

The SRS provides many benefits, which are detailed in this documentation for your information. The SRS at this school operates under the policy and guidelines of Education Queensland. Joining the SRS is optional.

Government Textbook and Resource Allowance (TRA): This is the subsidy that the government pays to the school to offset the cost of the SRS fee that is charged to parents. Education Queensland encourages schools to provide a resource hire scheme in an effort to limit costs to parents. This school, with the approval of the P & C, has elected to receive a direct bulk payment for the Government TRA for all students. For further information go to: <http://education.qld.gov.au/schools/grants/parents-students/textbook-resource-allowance.html>

This allowance is paid once per student, in any calendar year, regardless of the number of schools the student attends during the year. The TRA is used to purchase materials and textbooks/resources which are provided on loan to students through the school. It offsets the costs charged to parents.

What does the SRS cost in 2018?

Following consultation with the P & C, the charge per student in 2018 is:

Year 7 – 12 \$240.00 Student Resource Scheme Fee (SRS)

Parents are required to decide to either participate or not participate in the SRS. This decision must be indicated on the Participation Agreement form in the Documents to Return booklet and the booklet returned to the office. For parents intending to participate in the SRS, the fee will be invoiced after receipt of the signed Participation Agreement form.

It is a condition of enrolment that this agreement is signed and returned to the school.

This agreement must be signed and returned no later than 22 January, 2018. Parents who do not return the signed agreement will be contacted in relation to the Agreement. If documentation has not been received within an agreed timeframe, the parent will be requested to provide all education materials (textbooks and consumables) for their student.

We look forward to your continued support in 2018. If you have any questions or concerns please contact the school.

Yours sincerely

Scott Rowan

Frequently Asked Questions

Objectives of the Scheme:

The scheme provides cost savings for parents as it allows the school to purchase in bulk which will

- reduce the cost for the purchase of textbooks and other resources for the education of students;
- provide for the operation of a voluntary, co-operative scheme in order to maximise the benefits to parents, to schools and the entire school community;
- assist the school to enhance resources for all students' learning, recreation and comfort.

Operating a scheme like this means that individual parents do not need to purchase textbooks and other covered items necessary for classroom learning. As the scheme is annually audited and run separately from the school, parents can be assured that the best value for money is achieved at all times.

Why is it good “value for money? What is provided through the scheme?

The scheme provides for the loan of resources including:

- prescribed textbooks for each subject studied which will be distributed to students for the full year's schooling, or changed throughout the year;
- class sets of texts and other learning materials for use within the classroom;
- consumable items like photocopied workbooks;
- photocopies of printed class notes (excluding student personal copying); consumable materials in subjects including Manual Arts (like timber, acrylic, nuts and bolts), Home Economics (demonstration food items), Visual Art (like paint and clay) and Science activity manuals.
- curriculum-based venue hire (Physical Education)
- CDs, DVDs, printer toner and paper for computer-based activities.
- Student diary and Student ID Card
- Technology Resources, including laptops, iPad and tablets, all software site licenses and technology support.

A detailed listing of resources supplied by the School under this Scheme, and stationery and other consumables to be purchased by parents is provided in this document.

How does the Government Resources Allowance contribute to the scheme?

The Government Textbook and Resource Allowance is paid directly to the school for all eligible students. The allowance for 2018 is still to be announced. This allowance is paid directly to the school and is used to assist with the purchase of materials and books which are provided to students on loan through the School. Further information about Government Textbook and Resources Allowances can be found at <http://ppr.det.qld.gov.au>

Conditions of Participation:

1. Students will supply their own personal learning items – as detailed in the school stationery lists, these items include pencils, pens, calculator and notebooks.
2. Books issued to students must be kept in good condition.
3. Students will be responsible for replacement of lost or negligently damaged books.
4. The School should be contacted immediately if a text is lost or damaged.
5. All textbooks remain the property of the scheme and must be returned to the scheme at the end of the school year or when a student leaves.
6. Books and resources provided under the scheme cannot be issued to students whose parent/caregivers choose not to participate in the scheme.
7. If a student enrolls after the school year commences, the amount of contribution will be on a pro-rata basis based on the number of weeks of the year remaining.
8. If a student member leaves the school during the school year, completes a termination form and has returned all materials in an appropriate condition, a refund will be calculated based on the number of weeks remaining in the year. The security deposit will also be refunded under the same conditions. All unclaimed security deposits will be forfeited if not claimed within two years of leaving the scheme.
9. Some other costs may be applicable with some subjects. Parents will be notified throughout the year of these costs. Excursions and performances are examples of these costs.

Non participation in Scheme.

Parents who do not wish to participate in the scheme must complete the Participation Agreement Form indicating **NO** to the participation and provide all necessary texts and resources for their children. A copy of this list can be obtained from the school administration office. Parents not participating in the scheme are required to return the form, indicating their preference of non-participation. This agreement must be signed and returned no later than 22 January, 2018.

Where to now?

- Make a decision on participation in the student resource scheme, and indicate the decision by completing the Participation Agreement Form and return the form to the school
- where a decision is made to join the scheme, pay the participation fee in accordance with the selected payment option on the Participation Agreement Form
- where a decision is made to join the scheme, comply with the terms and conditions for the operation of the scheme as agreed to on the Participation Agreement Form
- where a decision is made not to participate in the scheme, provide the student with the items otherwise provided to the student by the scheme as detailed on the Year Level Requirements List and/or Subject Requirements List, to enable the student to engage with the curriculum
- in circumstances of financial hardship, contact the Principal or designated officer to discuss how the financial obligations can be met throughout the school year, or to negotiate alternative arrangements that may be available to accommodate individual circumstances, including waiving of the fee entirely or in part by the Principal.

Financial Assistance Information Sheet

There are a number of allowances payable to parents/carers of secondary school students:

Textbook Allowance Scheme: Students attending approved secondary schools are eligible to receive a State Government textbook allowance each year. The 2018 rates for this allowance are available at this website:

<http://education.qld.gov.au/schools/grants/parents-students/textbook-resource-allowance.html>

These amounts will be paid directly to the school and are used to assist in providing subject resources for students, therefore reducing the amount charged under the Student Resource Scheme.

Conveyance Allowance: Eligibility is determined by Queensland Transport on an annual basis. Parents should enquire directly to Queensland Transport at the beginning of each year. Application forms and details of eligibility, etc. are available from Queensland Transport, School Transport Section.

Living Away from Home Allowance Scheme: A living away from home allowance will be paid to the parents of all students in Years 7 to 12 where such students are compelled, by reason of remoteness, to board away from home in order to attend a secondary school with the required grade.

All payments are dependent on applicants' homes meeting distance eligibility criteria or being approved under special circumstances by the Minister for Education, Training and Employment. Payment is also dependent on school attendance certifications and distance checking which is undertaken on a risk management basis.

Information about eligibility can be obtained from Department of Education, Training and Employment, School Financial Services Unit – free call phone 1800 248 997.

Youth Allowance: Benefits will be payable from the student's sixteenth birthday, regardless of school year level. Youth Allowance is family income tested. Students receiving Youth Allowance benefits have obligations to observe concerning attendance and work performance. Unexplained absences incur penalties to benefit levels also. For further information, write or telephone Centrelink

Aboriginal Study Assistance Scheme (ABSTUDY): ABSTUDY (Schooling) is the scheme which provides assistance to students under 21 years of age who are:

- (a) full-time students attending an approved secondary school or a class anywhere in Australia;
- (b) full-time students 14 years and more on 1 January of the year they study, attending an approved primary school; or
- (c) full-time students attending an approved special school, or education unit from the commencement of the year in which they turn 13.

To be eligible for assistance under ABSTUDY, a student must meet the Commonwealth definition of an Aboriginal. This has three parts. An Aboriginal or Torres Strait Islander is a person:

- (a) of Aboriginal or Torres Strait Islander descent;
- (b) who identifies as an Aboriginal or Torres Strait Islander; and
- (c) who is accepted as such by the community in which he or she lives or has lived.

Students receiving ABSTUDY benefits are required to observe obligations the same as Youth Allowance recipients. Further information about ABSTUDY can be obtained from the Centrelink.

Assistance For Isolated Children (AIC):

Financial assistance is available for secondary students who qualify under special provisions relating to isolation, special course provisions, itinerancy and disability or handicap. Assistance is extended to students who board or are maintained in a second home for the purpose of attending school. Assistance is family income based. Further information about AIC can be obtained from Centrelink.

Refund Guidelines

At Chinchilla State High School we are committed to providing a safe and supportive learning environment for students, staff and volunteers. This commitment includes the health and safety of staff and students when conducting curriculum activities in the school or in other locations.

School excursions and camps enhance a student's learning by providing opportunities for the student to participate in activities, both curriculum-related and recreational, outside the normal school routine. All planned school excursions are approved by the Principal and endorsed by the Parents and Citizens' Association.

State schools are able to charge a fee for:

- an educational service including materials and consumables not defined as instruction, administration and facilities for the education of the student
- an education service purchased from a provider other than the school where the provider charges the school and
- a specialised educational program.

School fees are directed to the purpose for which the fee is charged.

Student Resource Scheme

Chinchilla State High School operates a Student Resource Scheme. To participate in this scheme parents sign a participation agreement form and pay an annual levy. The Government Textbook and Resource Allowance is paid directly to the school and is used to offset the full cost of the student schools fees.

In the event of a student leaving school throughout the year, a parent **may** be entitled to a pro rata refund. The pro rata refund is calculated on all fees paid/received, less any costs incurred as a result of loss or damage to resources. Any outstanding debt is also taken into consideration.

Excursions

School fees for extra-curricular activities are calculated on a cost recovery only basis, according to the number of students who have indicated their attendance. Participation of students in an extra-curricular activity is indicated through payment of the fee and provision of a permission form completed by the parent.

The school budget cannot meet any shortfalls in funding for an extra-curricular activity due to the subsequent non-participation of a student who had previously indicated attendance of the activity. Therefore, fees already paid for an extra-curricular activity may only be refunded in full or in part or not at all, after the activity has occurred and all expenses associated with it have been paid.

If a parent requests a refund prior to the closing date of an activity, the parent or student may apply for a refund of non-committed costs. "Committed costs" may include pre-arranged travel, reservations or administration fees. If a student is unable to attend an activity due to illness or emergent situation, a medical certificate or supporting documentation will be required before a refund can be processed. The amount of the refund will depend on the various commitments of the activity and should be discussed with the Principal/Business Manager.

If a parent wishes to apply for a refund due to their child's non-participation in an extra-curricular activity, they may do so by completing a Request for Refund form provided. Where possible, the request should include the receipt relating to the payment for which a refund is being sought.

It is preferred that refunds be made as a credit against the student's account at the school, and used to offset any future charges. Alternatively, payment of refunds will be by direct credit to the parent account, should details be provided.

Department of Education and Training policy references:

- Education (General Provisions) Act 2006
- SCM-PR-002: School Excursions
- FNM-PR-019: State Education Fees

Debt Management Policy

Chinchilla State High School provides free instruction, administration and facilities to students enrolled at the school who are Australian citizens, permanent residents or children of Australian citizens or permanent residents.

Education Queensland Policy stipulates that no fees are to be charged for activities associated with instruction, administration and facilities. **Chinchilla State High School is required to charge fees to students for some services.**

Student Resource Scheme

Chinchilla State High School offers parents the option of participating in the Student Resource Scheme. **Students will not be permitted to attend excursions/activity if they have not completed the Student Resource Scheme Participation Form.**

Government Textbook and Resource Allowance

The Government Textbook and Resource Allowance for secondary schools is used to offset part of the schools fees/voluntary contributions.

Where Chinchilla State High School provides resources, the ownership is retained by the school. The school can decide to pass these on to the student.

Where parents choose not to participate in the scheme and provide the resources themselves they retain ownership.

Debt recovery action can be undertaken for outstanding fees and charges.

Some examples:

- School excursions
- Sporting/Artistic programs that extend beyond the core curriculum
- Transport to sporting events
- Hire of equipment, for example, musical instruments/photographic equipment

A student can be excluded from extra-curricular activities for non-payment of fees where the fees have accrued from previous years, or current year fees are not paid/arrangements made by end of Term 1. This may apply even if the student is presenting the money for the extracurricular activity.

Exclusion from activities can be avoided by parents maintaining regular communication with the school and negotiating payment options to meet their agreed commitments.

If the parent/carer has made regular payments but there is still an outstanding balance owing, the Principal will use discretion in choosing to exclude the student from any activities.

SUBJECTS FOR SPECIAL NEEDS STUDENTS

In E-Block we design highly individualised programs to cater to individual student needs and the level at which they are accessing the curriculum. It is for this reason that we are unable to provide a standard, fully itemised list of specific resources with costings. The text, reference materials, apps, consumables, amount of printing and laminating etc. that is required will vary depending on the needs of your child. If you choose not to participate in the Student Resource Scheme, we would be happy to provide you with names of specific resources for each unit of work as they are required throughout the year, for you to be able to purchase yourself.

For the stationary items that students are required to provide, we ask that you please label all of these with your child's name and send them to school so we are able to store them in E-Block for safe keeping for your child.
